LAKEHEAD UNIVERSITY

THUNDER BAY, ONTARIO.

MESSAGE FROM DR. RON LAPPAGE

LAKEHEAD UNIVERSITY LIBRARY

1991-92 is the twentieth academic year that Dr. Norm LaVoie and I have been employed at Lakehead University and perhaps this is an appropriate time to reflect upon the past. Many students in whom we take great pride have graduated from our program over these years. Although their careers have followed several twists and turns since their graduation from Physical Education, we are proud of their acheivements and contributions to society.

The reputation of any university program is enhanced by the quality of its graduates. You, as Physical Education students presently enrolled at Lakehead University, are fortunate that your predecessors have helped establish the Honours Physical Education program at Lakehead University as one of the best in Canada.

When I "cross paths" with our graduates they fondly recall their experiences at Lakehead University. The canoe trip, ski week, intramurals, varsity sports, their professors, and fellow students are only a few topics of discussion. Achieving good grades is important but there are many other components to a well-rounded university education. Therefore I urge you to take advantage of the opportunities that Lakehead University and the city of Thunder Bay have to offer you. Remember that today will become tomorrow's yesterday and I hope that you too will have fond memories of your years at Lakehead University.

Ron Lappage
Acting Director of the School of Physical Education and Athletics

MESSAGE FROM JANE CROSSMAN

I'm pleased to be given the opportunity to communicate with the students in our programme via this forum.

You chose to study at Lakehead University for, I suspect,a number of reasons. For some of you, our university was situated close to home and in these difficult financial times the decision to study at Lakehead was primarily a financial one. Others undoubtedly had heard about the fine reputation our programme enjoys. Our relatively small class size and personal approach to learning results in twice as many students applying as can be accomodated. For others, particularly those from out-of-town, the opportunity to study in Thunder Bay where the quality of life is high, was perhaps the drawing card. Thunder Bay has plenty to offer the outdoor enthusist including camping,skiing, plus a variety of sport-related opportunities. Whatever the reason, I hope you will agree that studying Physical Education at Lakehead University was a good decision.

Last year I had the opportunity to lead a workshop with the public school teachers in the Dryden Board of Education. That opportunity allowed me to speak with several of our former graduates. All of them spoke very highly of our programme and specifically of the preparation they received prior to embarking upon their professional careers.

I hope this school year has been a time of growth for you and that lessons learned in our programme are lessons that will be practiced and remembered for a lifetime.

Jane Crossman, Ph.D.
Associate Proffesor and Chair

A MESSAGE FROM P.E.A.L.

Throughout the 1991/92 academic year, the students, staff and faculty members of Physical Education and athletics have worked very hard to organize and support numerous activities. The Physical Education and Athletics Club would like to thank everyone for their involvement and we encourage continued enthusiasm in the years ahead. P.E.A.L.'s student body is very diverse with infinite opportunities for growth and advancement. It is up to the students, the backbone of the club, to continue to participate in P.E.A.L. functions and ensure it's success.

Although this past year's council was relatively young, the Executive members and Class Representives worked very hard in support of the club. A special thank you goes to the following members; Chantal M., Sue W., Louise D., Noreen M., Sarah W., Joanne K., James M., Jen R., Grant B., Heather N., Sara E., and Brian B.

This year has been a very fortunate experience for all invloved in Physical Education and Athletics. Our Varsity teams all put forth first class performances (as did our THUNDERDOME fans), and our graduating class is one of the biggest yet. We hope to see that trend of excellence continue as we wish all of you the very best in your future endeavors.

It is P.E.A.L.'s desire that everyone had a memorable year and we anticipate your particapation and enthusiasm in the upcoming school year. Have a great summer!

Stephen E. Hope

1991-1992 P.E.A.L. Council

P.S. YES...The shorts are in!!!

LAKEHEAD UNIVERSITY NORDIC SKI CLUB

This year the Lakehead University Nordic Ski Club executive, led by President Anne Turner, provided its 40 members with superb coaching by Mark Thomas, Patti Hogan and Moira McPherson. The club organized dryland training in the fall, on snow ski instruction, racing, and a series of social events. One of the season highlights was the official opening of the Lakehead University Nordic Ski Trails on January 22. 4.5 k of classic and skating trails were groomed weekly by Grant Brown and Rob Purdon was used regularily by a variety of community and University skiers. The LU racers had an extremely active season with both recreational and elite skiers representing the University at home and across the Country. The racing squad consisted of Dennis Parridine, Steve Boyd, Rodney Puumala, Kim Schurtz, Rob Purdon, Al Beuachamp, Deena Shankman, Cathryn Boyd and Lo Lanning. Highlights from their circuit included strong performances by the entire team at the OUAA/OWIAA Championships, a gold medal for Steve at the Big Thunder Loppet and medals for Steve and Rodney at the City Championships. LU's recreational racers braved the elements at a number of races in Minnesota and of course at the famous Sibley Ski Tour! This years top team honors go to 4th year Forestry major, Dennis Parradine and Outdoor Recreation freshman Deena Shankman for their consistently strong finishes.

Valedictory

On behalf of this years graduating class, I would like to welcome all of you hear this evening. It is very nice to share such an occasion with people such as you.

Wednesday, September 7th, 1988. Sometimes it feels like that was decades ago, but tonight, it seems as though it was just yesterday. That's right, first year registration or for lack of a better term, "HELL". What was supposed to be at most a three hour procedure, turned into, for some, four or five hours. We were sure that after a day like that, nothing, not even school could be that stressful.

All of a sudden, five days later, a gentleman by the name of George Osbourn, showed up. "ZOOLOGY". Wow this was the big leagues now kid.

That year the PEAL yearbook read FIRST YEAR - **A NEW BEGINNING**, and that is exactly what is was the beginning of our development as professionals.

Tonight, four tough, long years latter, we have all changed a little. Some of us are a little heavier ,or maybe a little skinnier, a little taller and even as in my case a little balder. Most of all we have all grown, we are smarter, more knowledgable, more responsible and more ready. Ready to face what is to come, the future.

Who knows, maybe some day, one of you will be teaching my kids. Wow I can't believe I said that, but hey, That's the future folks!

Our becoming such close friends over the past four years is for some of us, due to the great distance our dear school is from family and other friends. We have had no choice but to bring support to others and receive it from our friends from town or from elsewhere. I guess that's what makes us lakehead students sort of unique.

We often forget to thank those nearest to us, and assume they know how much we appreciate them. To our parents, friends, peers, and faculty who have helped us grow, **THANK YOU**.

Now fellow graduates, it's time to move on. Just think at one time attending university was the future, then on September 7th 1988, graduating from university was in our future. This was not only our future but our dreams, one of our many dreams. Today you could say, is a dream come true. We have made some very important decisions and taken some very big steps to get to this point in our lives. But these decisions and steps are minute as compared to what is to come in the next year or two or for that matter, the rest of our lives. From hear, we will begin our adult, professional lives.

If you think about it this years year book could use that same caption beside the fourth year photo. **A NEW BEGINNING**, that's exactly what this is, **A NEW BEGINNING**.

This evening is very special to each of us, we not only are here to give thanks but we must also begin to say goodbye. As in the past, we are forced apart, away from new and very special friends. This is not goodbye forever though, but goodbye for now. This is the time we will each pursue our goals and dreams in different directions. A friend once told me university is the best four years of your life, well friends, I would not have wanted to spend these last four with anyone else. You people are some of the best friends and classmates a person could ask for. Being with the very people in this room has made these past four years, some of the best years of my life.

To those of you, my dear friends and classmates, for whom this special gala evening is being held, I wish you the very best. May your wishes come true, your lives be healthy and your dreams become reality, just as the dream of graduating has now become reality.

GOOD LUCK AND GOODBYE FOR NOW !!!

Deziré Forget
March 27, 1992

AKTHEAT
LAKEHEA

We, the yearbook committee, hope that you enjoy this 1991-1992 edition of the Physical Education and Athletics yearbook. We hope that this yearbook has captured some of the moments from everyone's year at Lakehead. We, hope that in the future it will help everyone to remember the memories of Lakehead and all the things that they learnt here from academics to friendships made here.

The yearbook could not have been put together without the help of these individuals: Dawn Lessard and Vickie Wreszcak. Also a special thanks to those who submitted pictures: Andrew Baily, Francis Clayton, Wendy Cohburn, Daphne Dalton, Louise Dalingwater, Ken Hamblin, Patti Hogan, Kristin McGill, Len Popivitch-Dunkley, Tania Mash and Tanya Opyc.

Thanks to the students and staff for whom the yearbook is for.

We, hope that in the future it will help you to remember the memories of Lakehead and all the things that you have learnt here from academics to friendships made here.

We wish you the best in your future endeavors.

Yours Truly,
Noreen Mott
Sarah Wilson
